

# CULPEPER TRUWOOD

The wood that's always **TRU**.  
**GUARANTEED.**

Now there's a solid sawn  
lumber that stands the  
test of time.

Culpeper TruWood delivers a new standard in quality and client satisfaction. Our exclusive warranty on all TruWood means you can rest assured our guarantee is behind every board. How do we do it?

Culpeper TruWood is exclusively produced using state-of-the-art proprietary lasers and optical sensors to select specific high-quality lumber, based not only on the outside appearance but the actual attributes within the board. These attributes are proven predictors of how it will perform over time. That means a product that's straight and TRU—every time.

Please refer to our warranty for further details.
