

PALMETTO PRIMED TRIM BOARDS

NO PRIMER NEEDED

READY TO PAINT, BUILT TO LAST

Culpeper palmetto primed trim boards are pressure treated and pre-primed with a high-quality, oil-based, exterior-grade primer from leading coatings manufacturer Sherwin-Williams. Each board is run through our state-of-the-art moulder to ensure consistent thickness and width. This process creates slightly eased edges on all four corners for a pristine refined trim board.

FEATURES AND BENEFITS

- Clear grade of lumber on two edges and one face with no wane
- Pressure treated ground contact with MCA
- Kiln dried after treatment (KDAT)
- Pre-primed with a high-quality oil-based exterior grade primer on all six sides
- Available in multiple widths and lengths
- Primed and preservative treated to save time and labor costs
- Less costly than cedar, redwood, fiber cement, or composite

APPLICATIONS

- Exterior Trim and Fascia
- Garage Door Liners
- Rake/Frieze Board
- Corner Boards
- Bellyband
- Drip Edge
